

International Journal of Climatology submission checklist

Status

The scientific and formatting package is assembled. Submission is not yet ready for upload until every item marked REQUIRED below is completed by the authors.

Required author information

- ☐ REQUIRED: Replace all author-name, affiliation, postal-address, email, and ORCID placeholders in the manuscript, graphical abstract, and cover letter.
- ☐ REQUIRED: Identify the corresponding author; the submitting author must provide an ORCID in the Wiley Research Exchange portal.
- ☐ REQUIRED: Obtain final approval of the manuscript and author order from every author.
- ☐ REQUIRED: Replace the CRediT placeholder with author-by-author roles.
- ☐ REQUIRED: Complete funding, acknowledgements, and conflict-of-interest statements.

Data, permissions, and reproducibility

- ☐ REQUIRED: Confirm the temperature and precipitation measurement units, acquisition procedure, and station-data screening description in Section 2.1.
- ☐ REQUIRED: Confirm IRIMO access conditions and redistribution restrictions.
- ☐ REQUIRED: Add a public repository URL and persistent identifier for code and all legally shareable derived outputs.
- ☐ REQUIRED: Confirm the provenance and reuse status of map boundaries and the statement that no third-party material requires permission.
- ☐ If source observations cannot be shared, state the formal IRIMO request route and explain the restriction in the Data Availability Statement.

Journal formatting checks completed

- ☒ Research Article structure: title page, abstract, keywords, Introduction, Methods, Results, Discussion, Conclusions, declarations, Supporting Information, References.
- ☒ English-language manuscript.
- ☒ Abstract below the 300-word limit (235 words by the package count).
- ☒ Six keywords; at least two title concepts are represented.
- ☒ Running title below 70 characters (48 characters).
- ☒ Main file below the 7,500-word Research Article limit when references and figure/table captions are excluded (see Validation_Report.txt).
- ☒ Harvard author–date citations and alphabetized reference list.
- ☒ Six additional directly relevant papers from International Journal of Climatology were added and cited in context.
- ☒ Main tables are editable in the Word file.

- ☒ Figure legends are included and figures are embedded for review; individual TIFF files are also supplied.
- ☒ Supporting Information is supplied as one Word file with Figures S1–S15 and Tables S1–S15.
- ☒ Graphical abstract supplied at 50 × 60 mm, with an editable source; author names remain to be completed.

Portal and final review

- ☐ Upload Manuscript_IJC_2026.docx as the main document.
- ☐ Upload Supporting_Information_IJC_2026.docx as Supporting Information for review.
- ☐ Upload Graphical_Abstract_50x60mm_300dpi.tiff (or the PNG if requested) as the graphical abstract.
- ☐ Upload the ten main TIFF figures individually if the portal requests separate figure files.
- ☐ Upload Cover_Letter_IJC_2026.docx if using the optional cover letter.
- ☐ Check the automatically generated HTML/PDF carefully before final submission.
- ☐ Confirm that no tracked changes, comments, hidden personal data, or unresolved placeholders remain.
- ☐ Submit through Wiley Research Exchange: <https://authors.wiley.com/journal/JOC>
